EDUCATION

Ghana Communication Technology University

Programme: Bachelor of Science, Computer Science

Academic Standing: Undergraduate · In Progress

Relevant Areas: Software Development, Algorithms, Intelligent Systems, Database Management, Distributed Systems, Web Technologies.

Sogakofe Senior High School

West African Senior School Certificate (WASSCE)

Completed · Volta Region, Ghana

WORK EXPERIENCE

Lead Intern — Creative & Content Strategy · IBG Comms, Accra, Ghana

- Led a team of interns in developing creative content plans for client companies.
- Trained co-interns in UI/UX design fundamentals and practical Figma workflows, bridging design thinking with real-world execution.

Intern → Web Developer & Designer · Imperial Waste, Accra, Ghana

- Started by maintaining and organising company records and operational data in Microsoft Excel.
- Later tasked by Imperial Waste with designing advertising materials, flyers, and websites.
- Developed and managed the company's web presence, delivering a complete company website.

Freelance Designer & Developer · Independent

- Delivered design and document work for individual clients across various briefs, including visual assets, layouts, and written documents.
- Several projects completed under NDA.

LEADERSHIP EXPERIENCE

Assistant Organizer — ACS · Ghana Communication Technology University, Accra, Ghana

- Serving as Assistant Organizer of the Association of Computing Students (ACS) at GCTU.
- Supports the planning and coordination of student activities, events, and initiatives within the computing faculty.

IT President — Elective IT Department · Sogakofe Senior High School, Ghana

- Elected IT President by peers during final year of high school.
- Managed and supported elective IT students, leading sessions covering IT fundamentals and introductory programming concepts.
- Helped classmates build a foundation in computing, contributing to stronger performance across the IT elective group.

PROJECTS / ACHIEVEMENTS

- **Personal Portfolio Website** — Designed and developed a fully responsive portfolio site featuring a live carousel of nine web projects, interactive UI/UX prototypes, and a project showcase, built with HTML, CSS, and JavaScript.
- **NBA Elite — Sports Showcase Website** — Built a dynamic single-page application featuring 58+ players across four eras, with real-time search, era-based filtering, and a click-to-open player modal system.
- **Multimedia Technologies — Interactive Prototype** — Designed a full end-to-end UI/UX prototype as part of academic coursework, demonstrating user flows, component design, and interaction states in Figma.
- **Attendance & Student Registry System** — Developed a full-stack application with facial recognition-based attendance tracking, student registration, class management, and a live dashboard using Python, Flask, OpenCV, and SQLite.
- **Self-taught UI/UX Design & Figma** — Independently mastered UI/UX principles and Figma, applying skills across multiple client-style and personal web design projects.
- **Self-taught Graphic Design** — Developed proficiency in Adobe Photoshop and graphic design independently, producing branding materials and visual assets for projects and clients.
